LOL FEST 2026 — OFFICIAL MERCH COLLECTION

LIVE OUT LOUD MUSIC FESTIVAL · WIZKID · SUNDAY 13 DECEMBER 2026 · EAGLE SQUARE, ABUJA

THE CONCEPT

FIXTURE: DEC 13. VENUE: EAGLE SQUARE.

We treat the festival like a matchday. The LOL logo is worn like a club crest on the chest, and the date is worn like a squad number on the back. From across the crowd or on a phone screen, one thing reads first: **DEC 13**.

The language is football kit (crest, numbering, jock tag) built on premium streetwear blanks. Every colour comes from the official logo. Nothing is added that the logo doesn't already own.

CREST ON THE CREST
The original logo, never redrawn, set on a black crest badge with a gold rule. One treatment on every garment and every colour.

13 ON THE BACK
Custom chamfered numerals built like tackle twill: fill, gap, outline and an inner stitch line. DEC sits above in the same layers.

MATCHDAY DETAILS
A "LOL FEST 2026" nape print and an "Official Merchandise" jock tag at the hem. The collared polo keeps a clean back.

LOL FEST 2026

Supporting type is Big Shoulders Display (open source, OFL): condensed, sporty, made for nameplates. The numerals 1 and 3 are custom-drawn, not a font, so the 13 is unique to LOL FEST.

THE DEC 13 NUMBERING SYSTEM: THREE TREATMENTS

FABRIC & DECORATION

ITEM	RECOMMENDATION
TEE	260–280 gsm combed ring-spun cotton jersey, boxy drop shoulder, 2.5 cm rib neck, garment-dyed for Onyx and Ember. Crest: digital (DTF) print with a high-density clear top-coat. Number: layered tackle-twill appliqué with zig-zag stitch (premium) or layered HD plastisol print (volume).
JERSEY	160–180 gsm recycled-polyester micro-mesh, moisture-wicking. 2.5 cm contrast rib binding with a knitted accent stripe. Side stripes knitted in. Number: cut heat-transfer TPU in 3 layers. Chalk body can be fully sublimated.
POLO	220 gsm cotton-poly piqué, flat-knit collar and cuffs with tipping, 2-button placket with branded buttons. Back: clean, nape print only.
SLEEVELESS	240–260 gsm combed cotton jersey, boxy cropped fit. Square cut-away armholes finished with a turned, twin-needle-stitched band, and a 2.5 cm rib crew neck. Crest: DTF + HD top-coat. Number: tackle twill or layered HD print.
CREST	Dye-sublimated woven badge with a narrowed gold border, heat-sealed then edge-stitched. This keeps the logo's 3D gradients exactly as supplied; thread embroidery cannot reproduce them.
FINISHING	Tagless printed neck label (size + "Official Merchandise"), woven jock tag, wash-tested for shrinkage and number lift (ISO 6330, size run XS–3XL).

Logo rule. The LOL logo is used exactly as supplied. It is cut from the official artwork, never redrawn, recoloured or re-proportioned. It always sits on the black crest so the cream "Music Festival" line and the brackets stay legible on light garments. For production, request the master vector or high-resolution file from the festival. The mockups use the logo as cut from the flyer.

RECOMMENDED HERO

THE CROWD TEE · ONYX

- **It carries the whole idea.** Crest on the chest, DEC 13 on the back: the matchday concept in its simplest, most wearable form.
- **Onyx sells to everyone.** Black is the night-show staple, it photographs well under stage light, and the white 13 reads from the back of the crowd.
- **A launch line-up.** The tee is the volume hero. The boxy sleeveless is the trend piece, the jersey is the hype drop, and the clean-back polo is the premium, understated option.
